EXPERIENCE

Front-End Web Developer

May 2022 – Present

Masonry Interactive | Austin, TX

- Turned Invision, and Sketch UI prototypes into a working experience using HTML, CSS, and JavaScript.
- Developed around accessibility, cross-browser, and mobile device compatibility requirements to create accessible, responsive and unified product experiences.
- Communicated with clients to meet their design and development needs and expectations.
- Supported and maintained a client website that is live in seven languages, with dozens of editors adding content daily, and averages nearly 3,000 users per day.
- Contributed towards the front-end development and design of the redesigned marketing website of a nationwide Tex-Mex restaurant chain that saw an average of 8,100+ daily sessions and 57% traffic increase post-launch.

Software Engineering Fellow

Oct 2021 – Jan 2022

General Assembly | Remote

- Architected and built fully responsive front-end web applications using HTML, CSS, JavaScript, ReactJS, and third-party API integrations.
- Developed full-stack applications and designed REST APIs with full CRUD functionality using React, Javascript, Node.js, Express, Mongo, MongoDB, Python, and Django.
- Managed team-based projects using agile/scrum workflow, Git version control, Trello, and Github
- Applied knowledge of key languages and computer science concepts, including algorithms, data structures, databases, and MVC design patterns to develop high quality and maintainable code.

Sales Specialist

REI Co-op | Austin, TX

Apr 2022 – July 2022

- Supported customers by responding to product questions, general inquiries and customer feedback.
- Upheld visual standards and merchandising expectations.
- Maintained and stocked work areas making sure all items are accurately priced.

Sales Lead

Oct 2012 – Oct 2021

Central Market / H-E-B | Austin & Dallas, TX

- Underwent CM's Lead Development Program to develop retail leadership and business skills in order to lead an effective team.
- Led the dairy subdepartment through unprecedented challenges due to the COVID-19 pandemic and 2021 winter storms in Texas.
- Managed accurate daily product orders and inventory control to avoid out-of-stocks, excess backstock and reduce shrink.
- Assigned tasks, delegated responsibilities, and communicated expectations to the team.

EDUCATION

General Assembly

Oct 2021 – Jan 2022

Software Engineering Immersive

University of Texas at Dallas

Aug 2013 – Dec 2017

Bachelor of Arts in Emerging Media and Communication
